On pages 19 and 35 under section D, point 6, the following is added:

'Article 29(1)(b) of the Staff Regulations refers to the possibility for officials to request a transfer to another institution or agency at any time in their careers. However, in the interests of the service, during their first three years of service newly recruited officials are transferred only in exceptional and duly justified cases. Any such transfer is subject to the agreement of both the institution or agency that originally recruited the official and the institution or agency in receipt of the transfer request.'
